

Application No. 10/686,655 (TSAO) Amendment, cont.

Remarks-Arguments

1. Applicant has carefully reviewed the original specification and found minor errors that are corrected. In order to establish an antecedent basis, the "another protruent screw hole 54" on page 5, paragraph 3 has been change to --a second protrudent screw hole 54-- and the proper position of it is also defined so as to consist with the corresponding citations in the claim 1 of record as pursuant to MPEP § 608.01(0). No new matter is introduced in.

2. The claims 1-4 of record have been currently amend due to that a minor errors are found therein.

3. Applicant respectfully submitted that this Amendment has solved all the normal matters in the present invention. Since the claims 1-4 of this application are allowed. So applicant respectfully requests that a timely Notice of Allowance be issued in this case.
